MSP Buy-In (Tiers)

| | |
|-------------------------|--|
| 1 to 1,000 devices | \$5,000 a year |
| 1,001 to 2,000 devices | \$9,000 a year |
| 2,001 to 3,000 devices | \$12,000 a year |
| 3,001 to 5,000 devices | \$18,000 a year |
| 5,001 to 7,500 devices | \$25,000 a year |
| 7,501 to 10,000 devices | \$30,000 a year |
| Over 10,000 devices | Email sales@patchmypc.com |

If your request is for over 10,000 devices, please reach out to the Sales Team at sales@patchmypc.com and we'll assist with pricing

Benefits to MSP Buy-In

- ✓ One MSP subscription can be used for multiple customer environments and tenants using **Intune**
- ✓ End user accounts are assigned their own URL license for convenient troubleshooting and support
- ✓ A MSP buy-in offers the ability to seamlessly manage fluctuations in device counts, just send us an email with the new end user name and device count, and we will send over the new license URL
- ✓ We track your total reported device count and notify you when an additional end user will change your tier type

Expecting high growth in the coming year? If you are to exceed your device count tier within your one-year subscription term, please reach out to the Sales Team and we can create a pro-rated quote for the appropriate tier

[We appreciate your interest in offering Patch My PC to your customers!](#)
